Instruction Session 1: Children will learn all aspects of developing a theatre production. Classes will consist of theatre games, audition techniques, acting, improvisation, dance, vocals as well as production methods. Once introduced to all off stage jobs: directing, stage managing, lights, sets, props, and costumes, writing, directing, each child will choose an area to focus their talents. Children will be asked to bring a sack lunch each day for a 30 minute lunch break in Esther Short park supervised by the theatre camp teachers. Rehearsals will take place after lunch. This year we have increased to 3 weeks in order to perform a full length show.

Instruction Session 2: An exciting week filled with all aspects of the theatre. The program combines theatre games, pantomime, projection, enunciation and creative play. Students discover the joy of being bitten by the "theatre bug." A performance for family and friends highlights the final day.
